# Important Notice Regarding Your Overdrafts & Overdraft Services

An overdraft occurs when you do not have enough money in your account to cover a transaction. As a service, we can cover your overdrafts in two different ways:

1. We have courtesy pay that comes with your account.
2. We also offer overdraft protection plans, such as a link to a share account, which may be less expensive than courtesy pay. In most cases, this is already active on your account. Available funds in a share account will be accessed before the courtesy pay is activated. To learn more, ask us about these options.

## What are the procedures if my account is overdrawn?

We **do** pay overdrafts for the following types of transactions:

- Checks and other transactions made using your checking account number
- Automatic bill payments

We **do not** authorize and pay overdrafts for the following types of transactions unless you ask us to (see below):

- ATM transactions
- Everyday debit card transactions

Courtesy Pay coverage will be available at our discretion, which means we **do not** guarantee that we will always authorize or pay any type of transactions.

If we **do not** authorize and pay an overdraft, your transaction will be declined.

## What fees will I be charged if I overdraft my account?

If we **pay** the transaction with courtesy pay, you will be charged **\$25.00** per transaction.

If we **do not** pay the transaction, you will be charged **\$25.00** per transaction, plus you may then be subject to penalties from the merchant.

- There is no limit to the number of total fees we can charge you for overdrawing your account.
- Overdraft items will be posted in accordance with Dale Employees Federal Credit Union's existing checking account procedures.
